Anything else you think would help us get to know you

I love odd, geeky, nerdy things; the type of things most people find weird. I also really enjoy homemade items that come from the heart.

I like to run. I have 3 kids and 2 dogs. My hubby works from home and is ALWAYS home. Did I mention he's ALWAYS home? I like pedis but hate having the bottom of my feet scrubbed.

I like to move it, move it.
